## **What We Do**

The Macaulay Board of Directors governs the organization, shaping its strategic directions, formulating policy, monitoring budgets and financial investments. The Board consists of a diverse group that provides leadership and accountability to the community. The atmosphere of our board is positive and we try to balance hard work with some fun.

## **Who We Are Looking For**

Macaulay is looking for community members who share our commitment to helping *all* children realize their full potential.

We need individuals from diverse backgrounds who will actively champion the organization to the broader community. Board members bring skills in governance, collaborative problem-solving and such specialized areas as accounting, finance, early learning, child care, social services and organizational development.

We give priority to individuals who also have experience using a Macaulay service.
